Mr. Mendez has been integrating both technology and web development into everyday business practices for over 5 years. He has a degree in Mathematics, from the University of California, Riverside. While obtaining his undergraduate degree, he also took courses in mechanical engineering and computer science. Immediately after his undergraduate degree, he began working on his teaching credential. Since then he has been teaching mathematics at the secondary level throughout the Coachella Valley.

Through hard work and dedication, he also taught himself different areas of web development. Focusing both on the front and back end development, he has developed an eye for details. In addition to web development, Mr. Mendez enjoys mentoring entrepreneurs and small business owner develop an awareness of current communication technology. Through his career as a web developer, Mr. Mendez has had the honor of working with world renowned motivational public speakers, a wide range of start-up companies, and school districts.

Mr. Mendez's extensive background in education and technology is at the core when training employees on the best marketing and business development practices. Mr. Mendez mentor's companies on how to develop marking plans and implement a variety of strategies for launching and developing efficiency. We are proud to have a partner like Mr. Mendez assuring we are up to date with current technology but more importantly using it efficiently and effectively.
